

Department of Practical Military Engineering,

U. S. MILITARY ACADEMY.

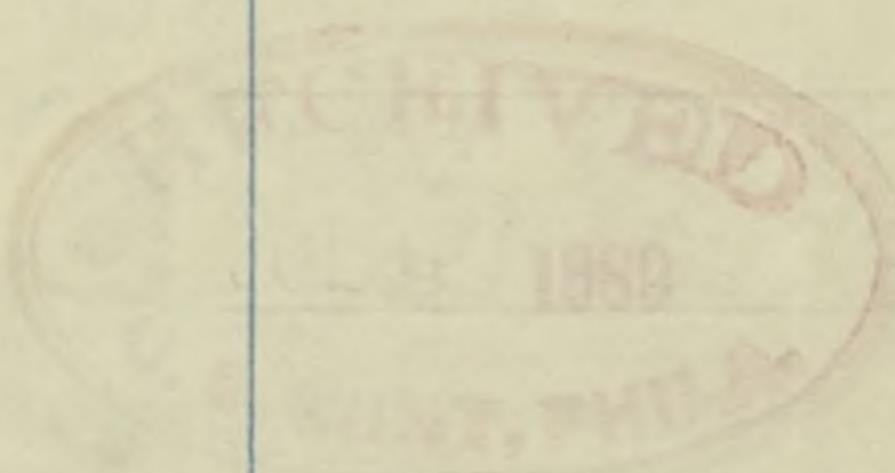

West Point, N. Y., July 5<sup>th</sup> 1889

The Superintendent of the Art. Mfr.  
Philadelphia,  
Penn.

Dear Sir:

My contractor is getting impatient for payment on his statues. Will you kindly inform me when I may expect a report from your assayer on the samples of bronze. As all four statues are supposed to be of the same metal the various samples will check each other.

Very Respectfully  
H. C. Goldsmith  
L. D. and G. Derby  
Capt. of Engineers U. S. A.

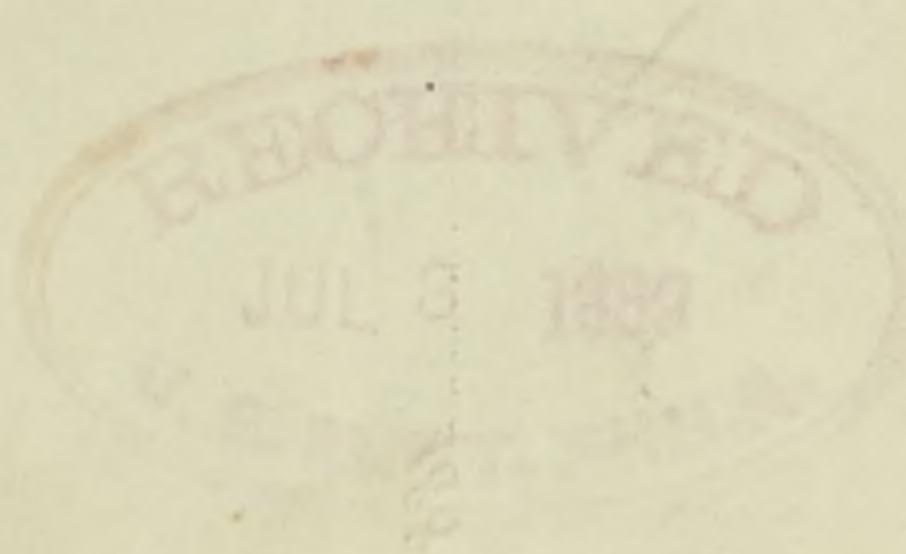

West Point, N.Y.

July 5. 1889.

Geo. W. C. Derby.

Asks when he may  
expect report from Assayer  
on sample of Bronze.

[Abstract:] Asks when he may expect report from Assayer on sample of Bronze.

Department of Practical Military Engineering,  
U.S. Military Academy.  
West Point, N.Y.,  
July 5, 1889

The Superintendent of the U.S. Mint,  
Philadelphia,  
Penn.

Dear Sir:

My contractor is getting impatient for payment on his statues. Will you kindly inform me when I may expect a report from you assayer on the samples of orange. As all your statues are supposed to be of the same metal the various sample will check each other.

Very Respectfully,  
Your Obt. Servt.  
Geo. McC. Derby  
Capt. Of Europe U.S.A.
